

# Facts About Juvenile Delinquency

It's not uncommon for children to be difficult on occasion, but when bad behavior turns anti-social or even illegal, intervention is a must. Delinquent behavior usually begins in early adolescence or before, so parents should take these early warnings seriously and seek professional help. When children turn 18, they will be open to adult consequences as adult offenders. Early detection and intervention can save your child from later problems in every area of life and eventually with the legal system.
